

Research Log 1

Record information from several different credible sources. Prepare ahead and get into the habit of fully noting source data while doing your research. This will save your valuable time and avoid the need to go back to locate the information later. (Tip: review core elements noted on page 37.)

Directions: Fully record the evidence you found and how you will use it in your essay (category). In the rationale section, explain your reasoning for categorizing the evidence as you have and how it supports your claim, counterclaim, rebuttal, or solution. This will become a draft of your warrant. Where do you see it fitting in within the larger context of your essay?
